Education

Indian Institute of Information Technology Vadodara

B.Tech, Computer Science and Engineering | Aug 2023 - May 2027 (expected)

Narayana Junior College | Intermediate (Class XII), Telangana State Board | Jun 2021 - Mar 2023

Chaitanya Vidyalayam | SSC (Class X), Telangana | 2021

Experience

Software Development Engineer (SDE) Intern | Xerlon

27 July - 31 August 2026

- Contributed to assigned engineering projects through code implementation, testing and delivery.

Data Analyst Intern | Unified Mentor Pvt. Ltd.

10 May - 25 July 2026

- Developed Python workflows for bank customer-churn analysis with Pandas and NumPy; prepared data and engineered features.
- Compared five classifiers with scikit-learn and XGBoost, and built Streamlit views with SHAP explanations.

Projects

Driver Drowsiness Detection | Python, PyTorch, torchvision, OpenCV

- Implemented a two-class image classifier using a Darknet-53 backbone, residual blocks and an attention module.
- Prepared image transforms and training/validation workflows; added webcam capture and prediction labels with OpenCV.

Bank Customer Churn - ML & Explainability Dashboard

- Prepared and engineered tabular features; compared logistic regression, decision tree, random forest, gradient boosting and XGBoost using classification metrics.
- Built a Streamlit interface for risk estimates, score distributions, feature importance and what-if exploration. Source

MERN Real-Time Chat Application | React, Node.js, Express, MongoDB

- Built registration, login, conversation and messaging screens with JWT-protected HTTP endpoints and bcrypt password hashing.
- Persisted users, conversations and messages in MongoDB and used Socket.IO for live message events. Source

Certification

Fundamentals of Deep Learning - NVIDIA Certificate of Competency | 14 October 2025

Verify credential

Technical Skills

Programming: Python, JavaScript

AI/ML: PyTorch, torchvision, OpenCV, scikit-learn, XGBoost, SHAP

Data analysis: Pandas, NumPy, Matplotlib, Plotly, Streamlit

Web development: React, Node.js, Express, MongoDB, Socket.IO
